File and CSA reviewed. These parents have been going through a very nasty divorce this past years. Several DVI's have been filed and dismissed and police reports made. This current case is due to a DVI requested on 11/18/2007. It was granted and child placed in the custody of the bio fa. Mo is currently allowed no contact. DVI hearing is set for 11/30/07. Dept concern is that parents continue to file paperwork against each other and the more paperwork filed the more they drag their daughter into this divorce. Both parents are making allegations that the other has a murder plot out for the other. The mother is owner of a successful "gentlemen's club" in Esc Co. Fa was a police officer when he began dating mother and ended up losing his job for not reporting over hrs employment at the club to his superiors. This club has been involved in several high profile investigations over the past couple of years involving several powerful men in the community. This case to be reassigned to CPI Cowan as it may end up being a removal due to the ongoing issues between the parents. CPI to complete:
