NARRATIVE On 5/18/96, at 0014, I was talking to a citizen in reference to a parking violation at the entrance to the National Park located at Fort Pickens, 1400 Fort Pickens Road. As I stood at the edge of the road, I observed a vehicle drive past me and enter the closed park. The vehicle had to drive on the shoulder of the road to circumvent several barricades blocking the road into the park which has been closed due to damage from Hurricane Opal. The driver of the vehicle also passed several large regulatory road signs stating "Road Closed" and "No Thru Traffic" in addition to signs designating the area as a posted construction site. I followed the vehicle approximately one-half mile into the park and initiated a traffic stop.

OFFENSE: Information

OFFICER: Steve Hardy #334

I contacted the driver and asked for his driver's license. The driver handed me a Florida driver's license identifying him as Kenneth Williams. The driver also provided a card that identified Williams as a Circuit Court Judge in the First Judicial Circuit. Williams was accompanied by a female which he stated was his daughter. Williams stated that he had entered the closed park to get away from the city lights so he could look at the stars. I explained that the area was closed to the public and that it was a designated construction site with equipment and debris all around, and that for his safety, I would have to ask him to leave. Williams responded by picking up his cellular phone and stating that he wanted my supervisor's name and phone number. I informed Williams that my supervisor was Lt. Bob Pollock, and that I was not going to call him at 12:15 a.m. Williams then stated he wanted to talk to someone that could give him permission to enter the park. I advised Williams that he would need to contact the National Park Service, but that was not possible at 12:15 a.m. I again asked Williams to leave the closed park. Williams responded by saying he did not understand why he had to leave. I again explained that the park was closed and an unsafe area. Williams responded by stating that he comes down here "all the time". Williams then exited his vehicle and walked to the shoreline with the female and remained on the beach for a short period of time. When Williams returned to his vehicle, I told Williams that I respected his position, but that he showed little or no respect for my position as I performed my lawful duties. I also informed Williams that his position did not entitle him to go wherever and whenever he wanted. Williams responded that I was correct, and that he should have stopped and asked me about entering the park before doing so. I informed Williams that at my discretion, I was not going to issue him a citation tonight. Williams then drove away and exited the park.

This report was written for information purposes only.
